Job Title: **MIMRA Intern**

Person: _____

Purpose of the position

The Coastal Policy, Planning and Statistics Division of MIMRA is responsible for the following activities:

1. Facilitating the development of community-based resource management for conservation and sustainable livelihoods throughout the Marshall Islands;
2. Achievement of the Micronesian Challenge goals of effectively conserving 30% of near-shore marine areas;
3. Developing regulations, monitoring and enforcement processes to better manage coastal marine resources, including threatened and endangered species;
4. Developing aquaculture and other means of sustainable livelihood development;
5. Educating the community about marine resources and regulations governing these resources.

Since 2002, MIMRA has been in close partnership with other national organizations in country, both government and non-governmental, to provide an enhanced mechanism for collaboration and integration of strategies across multiple sectors to meet the needs of communities through integrated resource management, focusing on the four (4) thematic areas:

- 1) Preserving our Traditional Heritage – Kejbarok jolet kein ad jen dritto ro jibud im jimaad
- 2) Reducing Coastal and Land Degradation – Kadriklok jorran in ene im lojet
- 3) Reducing Over-fishing & Illegal Fishing – Kadriklok wawein enod ko renana
- 4) Securing Sustainable Finance – Kepooj Jaan in kotobrak jermal ko

Through this internship program, MIMRA provides training, experience and skills development essential for making a significant contribution towards sustainable management and conservation work.
